## Adopt a Family

Hi Lobos,

We are excited to send out this email to kick off the **26<sup>th</sup> year of our Adopt a Family program!!!** This school-wide service project was started by a Rocky student in 1996 and continues to be coordinated by students and staff members.

Homerooms and school organizations adopt a family and try to fill as many needs as possible on each family's checklist. Truly, everyone at Rocky gets involved in this project in one way or another. We even have some community organizations and alumni that volunteer to sponsor our families.

The families who participate have been referred to us by social workers, counselors and teachers at our feeder schools as well as several day care facilities located within Rocky's community. They are identified as those most in need and our assistance is very important. We will be adopting 43\* families this year. Remember, we adopt families for a 2 year rotation so because all but 2 of these families are new referrals we aren't back to hosting 75-80 families yet (next year). In years past we estimate the food, clothing and household items collected were worth well over \$75,000. Teachers tell us that students who don't usually participate in school projects or activities are often motivated to help their "adopted" family.

**If you would like to donate to this great cause, we accept donations of canned food and new or gently used winter coats, hats and gloves. Please NO shoe donations, except gently used children's snow boots. Financial donations are also greatly appreciated and can be made on-line through the school pay system or brought directly to the RMHS Front Office. Thank you!**

If you have any questions, please contact our assistant principal, Tyler Nickel, at 970-488-7009.

Happy Holidays!

### IMPORTANT DATES:

**Thursday November 11th:** Family checklists, directions, and empty boxes will be delivered to homerooms.

**Friday December 10th:** The great migration of donations from your homerooms to the commons.

**Saturday December 11th:** AAF 2021! Families come to pick up their donations. "The Best Day to be a Bo!"

## Athletics/ Mountain Biking

Rocky Mountain High School Lobos had a great State championships in Durango Colorado, finishing fifth of the 80 teams that participated! Last year the Lobos placed second place in division two. With the growth of the team Rocky is now a division one team and are super happy to be in the top five!

The racing started off Saturday morning with Jake McDill winning in the freshman boys race. That afternoon Mary Alice continued Rockies podium placement by taking fourth in the junior varsity girls race. Gunner Johnson and Kade Shortridge took seventh and eighth out of the 155 junior varsity boys!

On Sunday Cole (Scout) McGinnis Took fourth place for the Lobos in the boy's sophomore race. Gianna DeFazio had won her last two races and the conference championship. She had also gotten a cold on Monday and fight courageously to take hold onto a 9th place in the sophomore girls race Sunday. That afternoon Kade Kreikemeier continued our communities podium run taking forth in the varsity boys race. Kade is one of our Ciclismo Racing riders and is racing independent for the high school season.

**Varsity boys:** 4 Kade Kreikemeier, 11 Andrew Morris, 15 Trace Fondy, 19 Tristen West, 62 Andrew Patella (passing 28 riders)

**JV Girls:** 4 Mary Alyce Collins, 79 Maya Staires

**JV boys:** 7 Gunner Johnson, 8 Cade Shortridge, 15 Jackson Menand, 33 Gavin Pollock

**Sophomore Boys:** 4 Cole McGinnis, 16 Brodie Morrison, 24 Michael Delgadillo II, 58 Oliver Roberts, 69 Ryan Seymour, 92 Soren Campbell, 96 Carsoon Mead, 103 Perry Anderson

## National School Psychology Week

### Let's Get in GEAR: National School Psychology Week 2021

Here at Rocky, we want our kids to reach their potential and develop skills to thrive in school and in life. This year, students and staff will be participating in National School Psychology Week, November 8-12, the theme of which is "Let's Get in GEAR". We grow together, we engage critical systems, and we advocate and rise together. Our hope is to highlight how getting in GEAR can help lead us to positive growth. Just as we continue to grow and develop as people and with our skills, sometimes with support from others, we can develop resilience beyond stressful circumstances.

Getting in GEAR together can help us set goals for growth, engage in action steps, advocate for needs, and raise our voices in discussions to create the connections necessary for students to develop critical academic and social-emotional skills. School psychologists are particularly skilled at assisting students and staff in seeing possibilities and developing positive change to thrive in school and life.

### About School Psychologists

Our Rocky school psychology team is made up of Dr. Melanie Potyondy, Dr. Brad Reimers, and UNC practicum student Toni Thomas. School psychologists are members of school staff who support students' ability to learn and teachers' ability to teach. They apply expertise in mental health, learning, and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally by providing direct support to students, such as individualized learning and behavioral assessments to identify students' strengths and needs, academic and behavioral interventions, counseling, and social skills training. We also consult with teachers, families, and other educators to improve support strategies and school-wide practices and policies. We are in a unique position to ensure students' success every day, including both small and big accomplishments. More information is available at [www.nasponline.org](http://www.nasponline.org)

### How to Get in Gear at Home

1. Encourage goal setting and mapping out a plan for achieving the goals. Talk with your children about steps they have taken, what worked and what didn't, and what they might do next. Explain that learning and growing require trying new things and that success comes from small steps to a long-term goal.

2. Help your children develop positive relationships with peers and adults, and model respectful, caring behaviors with others.

3. Praise attempts, as well as success, and make sure that you focus on the effort or hard work put into the success. Emphasize the importance of deliberate practice and talent grows over time through skillful practice.

4. Help your child work through setbacks, or lack of self-confidence, by helping to identify how they can overcome a setback. As a parent, you can help children see what the small steps are and how rising above obstacles is a part of succeeding. Help your child realize that setbacks are not permanent or all-encompassing.

5. Seek out support systems available in the community to help your children learn new skills and thrive, such as tutoring or mentoring programs. Encourage your children to participate in community activities that may help them to develop positive behaviors. In particular, volunteer activities may encourage the development of positive behaviors. Consider participating in community events yourself as a role model.

## AP Students

### Parents and students in an AP class this semester,

The deadline for students in a Semester 1 AP (Advanced Placement) class to sign up for their AP exam is **11/10/2021**. After that date, you can still sign up for an AP exam, but it will be an additional \$40 on top of the \$98 it costs for an exam. There are 2 websites you need to use to sign up for an exam. To avoid the added \$40 fee, please get **BOTH** of the following steps done by 11/10!!!

1. The first is Total Registration. <https://user.totalregistration.net/AP/060588>  
 2 This is the website students/parent will pay with a credit card online. Once you complete this step you will even receive the Join Code which you will use for step 2 below. This Join Code is also something students may have received from their teacher.  
 3
  2. The second website is: <https://myap.collegeboard.org/login>  
 This is the site students will need to input their "join code." When they first "join" the class through their MyAP account (same as their College Board account in terms of sign in info) **it should automatically show they are signed up to take the AP exam.**
- Here is video that goes through the above steps: <https://youtu.be/XBFAQF5vb8g>
  - For more info about AP exams, please go to the Rocky AP website: <https://sites.google.com/psdschools.org/rmhsassessment/ap-exams-sign-up-info>
  - If you need a Join Code, please reach out to the teacher. If you have other questions, please direct those to Tim Bruell [tbruell@psdschools.org](mailto:tbruell@psdschools.org)
