

PSD WORK – BASED LEARNING PROGRAMS

PWR Internship Program & PaCE Program

Congratulations!

Juniors are eligible to apply for the *PWR Internship Program or the PaCE Program* for the 2018-2019 school year.

***APPLY DURING YOUR JUNIOR YEAR AND COMPLETE YOUR INTERNSHIP DURING YOUR SENIOR YEAR!**

PWR Internships:

The Poudre School District Postsecondary and Workforce Readiness (PWR) Internship Program will provide opportunities for students to apply 21st century skills in a career field and industry that they plan to pursue after graduation. An academic internship is a first-hand learning opportunity that integrates knowledge and theory learned in the classroom with relevant application and skill development that reflect the expectations in a changing world. Applicants must have completed extensive school-based preparation relating to an identified academic or workforce interest. *PWR Internships* are a one-time, 75 – 150 hour, non-paid, in-depth experience which leads to between 5 - 10 course credits, and offers students an opportunity to test their interest and aptitude in an industry before making a long-term commitment.

Eligibility Requirements:

- Senior who maintains a 3.4 GPA or higher
 - Seniors with a 3.3 GPA or lower may be eligible by obtaining two letters of recommendation from teachers or community members
- Plans to enter workforce or pursue postsecondary education
- Completed a series of coursework related to internship
- Demonstrates strong work ethic and integrity
- Career ICAP goal/skills related to internship
- Strong communication skills

PaCE Program:

Professional and Community Experience (PaCE) is available at all PSD high schools. PaCE offers an opportunity for any student to step outside the school walls and explore various career options. The community experience allows students to gain on-the-job experience to better prepare them to enter the workforce. PaCE opportunities include internships, paid work experience, mentoring, career tours, pre-apprentice and summer experience.

Eligibility Requirements:

- This program is open to all juniors and seniors that are interested in building their workplace skills and knowledge
- Speak to your school guidance counselor to inquire about the course, scheduling and to receive an application
